Experience

Vocational.....

Norwegian School of Economics

Bergen

PhD Research Scholar

2017–

Full-time employee working at the department of Economics working on my dissertation in environmental and resource economics. Part of the job involves grading exams and assisting professors with courses.

Centre for Applied Research at NHH (SNF)

Bergen

Research Assistant

2015–2017

Collecting, organising and presenting data for research purposes. Worked part time during the semesters and full-time during the summer of 2016.

Volunteer Work.....

International Association of Energy Economics

Bergen

Volunteer

Summer 2015

Contributed to the 39th IAEE 2016 conference at NHH in Bergen in the summer of 2016, along with several other member of NHHS Energi. Our group was responsible for practical matters during the conference. This included tasks such as supervising the technical equipment during presentations and plenary discussions. We also helped other groups with tasks.

NHHS Energi Student Group

Bergen

Head of Communications Department

2015–2017

Responsible for the PR at the student group for energy, resource and environmental economics at NHH. Led a small team of members who were responsible for marketing around conferences organized by the group, and recruiting new members.
